

# Dog Activity Packages

The health and well-being of each pet at Janry Pet Resort is our primary focus. **Studies show that high levels of physical activity and interaction result in happier, healthier dogs**—especially when they are away from home. We have created the following packages for the unique needs of your pet.

## The Platinum Package

This package includes all the bells and whistles to meet the needs of even the most pampered pooch.

- **4 Nature Walks or Play times**—Nature walks are on-leash walks. Your pet will stroll through our wooded nature trail one-on-one with a team member. Play times are off-leash. They can be group or private playtimes. All dogs in group have been evaluated and approved for group by our Senior Staff. Our groups are hand-picked to accommodate many different personalities.
- **Business Walk**—A business walk is a short leash walk later in the evening so they can do their business and stretch their legs before bed.
- **Gourmet Treat** - Who doesn't love a treat? Our gourmet "comfort" treats are usually something like mashed potatoes and chicken in an ice cream cone or a milk bone slathered in peanut butter. Yum!
- **A Full Body Massage**—A relaxing full body massage from snout to tail.
- **A Cushioned Bedding Upgrade**—We will upgrade you pup's blankets to something SUPER soft and snuggly.
- **Tuck-In and Cuddle Service**—One of our staff members will come into his suite at the end of the night to tuck your pooch in and love him up before he gets a good night's rest.
- **Letter from Camp with Picture**—An emailed photo and update will be sent to your email daily to let you know all about your pup's adventures and new friends!
- **Economy Bath or Nail Trim Included!**

All of this will be provided every day of your pet's stay for **\$49** in addition to the nightly lodging rate.
